Remedial Action Work Plan Approval

Re: August 13, 2010 Demolition Remedial Action Work Plan (DRAWP)
DRAWP Buildings 15, 17, 18 and 21
Standard Chlorine Chemical Company, Inc.
1015 To 1035 Belleville Turnpike
Kearny Town, NJ 07032
SRP PI# G000001583
EA ID #: SUB100013

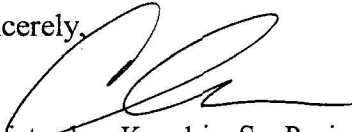

Dear Ms. Kelly:

The New Jersey Department of Environmental Protection (Department) has completed its review of the August 13, 2010 "DRAWP for Buildings 15, 17, 18 and 21" received on September 1, 2010. The NJDEP, in consultation with the United States Environmental Protection Agency (USEPA), has determined that the DRAWP is in compliance with the Technical Requirements for Site Remediation, N.J.A.C. 7:26E and other applicable requirements. The Department hereby approves the DRAWP, effective the date of this letter.

Pursuant to the schedule applicable to the site you shall submit a Remedial Action Report (RAR) on November 15, 2011. Please submit the document by that date, or submit a written request for an extension at least 2 weeks prior to the due date. Failure to submit the RAR in accordance with the schedule may result in the initiation of enforcement. For your convenience, the regulations concerning the Department's remediation requirements can be found at <http://www.state.nj.us/dep/srp/regs/>.

Thank you for your cooperation in this matter. If you have any questions, please call me at (609) 633-1460.

Sincerely,

Christopher Kanakis, Sr. Project Manager
Office of Brownfield Reuse
